

**2011  
Cave Spring Middle School  
Football Parking**

Due to the construction of the new Cave Spring Middle School where Bogle Stadium is located, please observe the information below when attending middle school football games in Bogle Stadium.

**Parking:**

Everyone must use the parking spaces available at Cave Spring Elementary School. The only entrance and ticket booth for the middle school games will be located on the side of the field (visitor's side) where the Cave Spring Elementary parking area is located.

**Handicap Parking:**

Those attending the game in need of accommodations for the handicapped should drive up to the ticket booth where your vehicle will be permitted to enter the stadium area through the gate. The ticket booth gate can be accessed by continuing down Springlawn Avenue which terminates at the front parking lot of Cave Spring Elementary School. Continue through the parking lot until the parking lot ends near the fencing surrounding Bogle Stadium where the ticket booth is located. Once you have been cleared to enter the stadium area through the gate, please proceed slowly towards the visitor's bleachers and park your vehicle no closer than the orange cones being used to designate the handicapped parking area.
