

GMS students have once again proven themselves to be successful in the PTA Reflections Program!

Earlier this school year, talented GMS students submitted a total of 39 original entries, five of which progressed to the County competition, which was recently held with the support of the Roanoke County Coordinator, Mr. Chuck Lionberger.

We are delighted to share the following results (again, these results are based on the county-level competition):

Claire Bailey, 2nd place in Literature
Kelly Devens, 2nd place in Music Composition
Miranda Holshouser, 3rd place in Visual Arts
Kevin Young, 1st place in Video Production

Our four winning GMS students, along with the other winning participants from our other County schools, will be honored at an upcoming awards ceremony during the County Council meeting scheduled for March 1, 2010, at 7:00 p.m., Northside High School.

Kevin Young's 1st place Video Production entry will proceed to the District level of competition - please wish him luck and congratulations to all the participants! Students, we are so proud of you!

It's not too early to think about an entry for next year's contest: *"Together We Can"*
