

TRAFFIC PATTERN FOR HIDDEN VALLEY HIGH SCHOOL

The following traffic pattern has been devised in an attempt to improve the flow of traffic at HVHS and better ensure the safety of our students.

Buses Only

1. Student pickup will occur at the lower student parking lot (Junior lot), as well as, the steps located in front of the building and towards the senior parking lot. Please enter at our one-way entrance just ahead of the bus lot. Please park near exits to better maintain the flow of traffic.
2. The one-way entrance to the front of the building will be closed from 2:45-3:30PM. The area may be opened earlier if the flow of traffic is sufficient to open the entrance.
3. The bus parking lot should not be entered at anytime prior to afternoon buses leaving campus.
4. All other traffic patterns should be maintained.

Thank you for your assistance in making our parking areas/entrance roads safe and orderly.
